

April 14, 1994      LB 1061A, 1061

enacting clause.

PRESIDENT ROBAK: Senator Kristensen.

SENATOR KRISTENSEN: Thank you, Madam President, members of the Legislature, for once this is a legitimate request to strike the enacting clause. What I would ask the body to do, because of the changes that was made on Select File on LB 1061, some of the controversial parts were taken out of it. Those happened to be the parts that they save some money for the Department of Motor Vehicles, but to reimburse them they took money out of their cash funds. Since we took those out of the bill, this A bill is no longer necessary, in fact, would cause great problems in the budgeting process of Department of Motor Vehicles. So the A bill needs to be somehow uncoupled from our rule that an A bill follows the regular bill and we need to defeat the A bill and at least put a paper trail of what we did to it. If we passed over it, that would cause us some problem with our rules. The best thing to do is give an affirmative vote to return to Select File and then at that point give it an affirmative vote to strike the enacting clause and that should take care of our problems. In effect, we don't need LB 1061A at this point in time. If there are any questions, I'd be happy to try to answer them.

PRESIDENT ROBAK: Any discussion on the motion to return to Select File? Senator Lindsay.

SENATOR LINDSAY: Madam President, could I ask Senator Kristensen a question?

PRESIDENT ROBAK: Senator Kristensen.

SENATOR LINDSAY: Oh, never mind, he said no. Okay, I'll just stand up here and make an idiot out of myself for the cameras then why...(inaudible)

SENATOR KRISTENSEN: Senator Lindsay, you know, really you've done quite well at doing that over the years and it's kind of nice to see you finishing strong.

SENATOR LINDSAY: Well, I appreciate the compliment, but... (Laughter.) Senator Kristensen, I'm just wondering would it be easier to return it to Select File and leave it there? Do we have to readvance to strike the...
